## The Story of a Man Who Suffered the Agonies of a Living Death.

MEDICAL EXPERTS PRONOUNCED HIM INCURABLE AND HE WAS PAID A LARGE DISABILITY CLAIM.

The Case Probably the Most Wonderful in the History of Medical Science—Brought from Hopeless, Helpless Inactivity to Health and Strength—A Reproduction of the Check by Which the Disability Claim was Paid.

No other

### GUILTY OF MURDER.

Mrs. STEPHANIAN SENTENCED  
TO DIE ON JAN. 20.

That's What The Doctors Corroborate  
Each Other—The Undertaker Gets  
Important Testimony—The Jury Gets  
Jury-Box.

Cayuga, Ont., Nov. 17.—The trial of Mrs. John Addison, charged with the murder of her husband in January, 1896, was begun at the sessions here at 11 o'clock this morning. The Chief Justice and a jury, H. B. Oakey, Q. C., opened the case for the Crown in a letter, in which he said that the most important points to be brought out by the prosecution, which are familiar to the reading public, are the following:—

Mrs. Stephanian, mother of George H. Stephanian, was the first witness sworn by the Crown. She said that Addison always had good health. The first visit she made to Buffalo was three weeks after the marriage of her son and her husband, the prisoner. After her son and Mrs. Chapman were married, Mrs. Stephanian made a visit to Buffalo, and was invited from the prison and demanded that she talk at that time about suspicious deaths in the family.

Mrs. Stephanian then identified a letter written by Mr. German, her son, and was married to her son, George H. Stephanian, 28 years old when he died. Went over to Buffalo four years off and on, to work at the hotel business, and was a successful business man. He was a good husband and a good son. He could not pick up even a fainting symptom, and was a good post-mortem. Ill after dinner came to get him. Prisoner said he was ill, and had no other conversation about him.

In cross-examination, Mr. German brought out the facts, very briefly, that the witness was very strongly opposed to the marriage of her son and the prisoner, and that she was very anxious about her husband and was constant in her attendance on him, and that there had been a post-mortem examination in consequence of the suspicious of

From the Meadow, Ont., Message.—About two years ago the Master presented himself to me with Mr. Neale Pugh, of Galtville, in order to ascertain from my lips if the reports were well founded that he attributed his most astonishing return to health to the use of Dr. William's Pink Pills. His letter was published in the Monitor under the date of Jan. 17th, 1896. Mr. Pugh's case was certainly one of the most extraordinary cases of recovery from ill health in Canada—if not in the world. He had been ill for five years and in that time had consulted many of the best physicians he could find, but none could give him the least relief. His limbs were so weak that he could not get his clothes on, and for two years he had not dressed. He had lost the use of his eyesight, and was nearly dead, and pain could be stuck into various parts of his body without being able to move them. He was a child.

He could not move about and if he attempted to walk he would fall and would have to drag himself up. He was unable to speak for his mouth was necessary to take solid food, and had to be fed with a spoon like a child. The doctors were unable to find out what was the matter, and he could not possibly get better. He was in fact nothing more or less than a vegetable. He was a mere mass of skin and bones.

He was a member of the Canadian Mutual Life Association, and was under their care until his recovery.

Two doctors on behalf of the association were sent to examine him, and he was pronounced entirely disabled, and in accordance with their report he was paid a life insurance of \$1,650.00. This

was about two years ago, his sickness began.

For three years more he languished in the condition above noted, utterly helpless, and a burden to himself and family. He was then introduced to my son, Dr. William's Pink Pills. He had no hope that they would help him, but in his bad condition he was prepared to try anything, and he was willing to take the prospect of even a slight relief. The first change noted in his condition was after he began to use the pills, and he was able to move his fingers again. The life he had given to his hitherto dead body, and from that time on his progress to recovery and activity was certain.

The publication of the interview, containing the facts above noted, created a great interest in the case, and in Canada, but not throughout Canada.

That a man, whose limbs and bones were all broken, and who was a mere mass of skin and bones, could be cured by Dr. William's Pink Pills, was looked upon as a marvel. Many were skeptical; but a few days later the same man, who was actively going about proved this—but they did not believe that it would prove permanent. In view of the fact that he was a vegetable, the Master determined to take the case, and he was nearly two years after the case was taken up.

Mr. Pugh was a man of great repute, and he was a long acquaintance with him, that we consider his statement above fully reliable.
